BRIEF ABSTRACT OF LETTER.

Suggests that the period spent in training in Foreign country by Messrs. S.V. Setti & S.H. Lakshminarasappa – Officers of P.W.D & Dawood-das Doss Scholarship holders – may be treated as one qualifying for pension as was done in the case of Mr. J. Shore.

Memo dis latter long but all the same time & there two officers were in service when they went out for acquiring add^l knowledge in the best interests of the State, their case deserves some consideration. 2 years leave with allowance in the case of all officers allowed to count for pension under the ordinary rules & there is no such concession. Similarly in the case of those officers who after joining service & to England & qualify themselves and render approved service an add^l concession of counting their whole course not exceeding 2 yrs as service eligible for pension may well be granted. In those who join service after finishing their course in England this concession is obviously inadmissible. In the two cases submitted & the Bn Sec the officers may be allowed to count 2 years of their Europe training as service eligible for pension.

Submitted to His Highness.

9 These papers discuss the question as to how the period spent by an officer of Government in undergoing training in foreign countries with a Damodar Dass or State scholarship should be treated as regards its eligibility for counting towards pension or leave.

10. There are no general orders of Government applicable to such cases, and the practice in the past has not been uniform, each case having been disposed of independently according to the opinion of Government at the time.

11. As it is not desirable to leave matters in this unsettled state, it is proposed to lay down a general rule applicable to all cases. Under the ordinary rules of service (Article 276, Mysore Service Regulations) leave with allowances for a period of two years is allowed to count for pension in the case of all officers. It is proposed to grant a similar concession in the case of officers proceeding to foreign countries for purposes of study or training with scholarships or aid from the Damodar Dass or State Funds, and to lay down that such officers will be given the concession of counting the period occupied in their course of study or training, not exceeding two years, as service eligible for pension with the reservation that it will not count towards leave of any kind.

12 The Financial Secretary and the Councillors have expressed their agreement to the proposal, which may be sanctioned.
